Pedigree Diagram for Jacob Pinter

Printed March 2024

On the pages below you will find a pedigree diagram for Jacob Pinter.

A pedigree diagram is usually drawn horizontally and shows the individual, his/her parents, grandparents, greatgrandparents, etc, of an individual going back in time as the diagram is viewed from left to right. This tree diagram shows the direct line of Jacob, who is the first person in the tree on the left, then his parents Heinrich and Elisabeth, and then their direct lineage which continues to the right and onto the following pages, thus going backwards in time to the 1500s. This tree "branch" is printed on 5 pages.

As you can imagine, it is not possible to print an entire family tree for any one person since there are so many children, brothers, and sisters involved. The resulting printed trees would include hundreds of printed pages. Plus, there would be lots of duplications.

So, I am showing only some basic tree branches here to help us understand our heritage.
